

DC RESIDENTS

are stepping up, making smart energy choices and saving money. Are you?

Check out ways that the DCSEU can help you start.

ENERGY-EFFICIENT LIGHTING:

Save money and energy by replacing your five most used lights with energy efficient LEDs. Visit www.DCSEU.com/Lighting to view our current discount offers and rebates.

EQUIPMENT REBATES:

Does your water heater, heating, or cooling system need to be replaced? The DCSEU offers rebates of up to \$750 for the installation of qualifying energy-saving natural gas and electric equipment. Visit www.DCSEU.com to view our current rebates.

BUSINESS ENERGY REBATES:

The DCSEU provides DC businesses and institutions with rebates for installing energy-efficient equipment. Visit www.DCSEU.com/Biz to view current offers.

TIPS & TOOLS:

Have a question about energy efficiency? Not sure what to do next? The DCSEU's team of experts can help determine the best approach for you. Contact us to find out how you can start saving energy and money now.

ELIGIBILITY INFORMATION: This offer valid for DC residents only. Smart thermostats must be purchased, installed, and registered with the manufacturer 10/1/18-3/31/19. Void where prohibited. Smart thermostats must be listed on the DCSEU Qualifying Products List to be eligible for a rebate. Visit www.dcseu.com for the most current list. The thermostat rebate offer is only available to residents of the District of Columbia who have not already received a Pepco Energy Wise Rewards thermostat in their home. Current Energy Wise Rewards participants with an outdoor switch provided by Pepco may also be eligible for the DCSEU thermostat rebate. Programmable thermostats only qualify for a rebate up to \$25. Rebate application must be accompanied by a legible copy of the entire sales receipt. Sales tax must be paid by customer on full pre-rebate price. Total rebate value cannot exceed purchase price of the smart thermostat excluding taxes, shipping and installation charges, and cannot be doubled or tripled. Limit of two smart thermostat rebates per household, for the duration of the rebate program. Please note: In order to confirm that your smart thermostat is installed, the DCSEU will share your smart thermostat serial number with your smart thermostat manufacturer. In turn, your smart thermostat manufacturer will share anonymized aggregate data with the DCSEU to confirm the number of devices that are operational and the number of installations per zip code. This exchange of information is covered by confidentiality terms existing between the DCSEU and the smart thermostat manufacturers. Smart thermostats must be installed on one of the following systems: central air conditioner and furnace, central air conditioner and electric resistance heat, electric resistance heat (no central air conditioner), or heat pump. Smart thermostat must be fully installed, operational and connected to the internet via Wi-Fi prior to submitting a rebate application. Smart thermostat must be purchased new. Resale thermostats, new parts installed in an existing smart thermostat do not qualify. Smart thermostats must be installed in a property owned by the applicant, or the applicant must receive permission from the property owner to install the equipment. Submission of an application indicates that the tenant has obtained this permission. The DCSEU reserves the right to inspect all rebated products to verify compliance with program rules and the accuracy of project documentation. This may include post-installation inspections or participant interviews. The DCSEU reserves the right to withdraw this offer without notice and does not warrant the performance of these products or provide any warranties, either expressed or implied. Rebates may not be reproduced, photocopied, or altered in any way.
