Please work with your HVAC licensed contractor to verify if your proposed central AC unit is eligible for a rebate. The steps below are intended to help facilitate the verification process of your central AC unit, however if you have any questions on your proposed central unit, please reach out to our customer support team at 202-479-2222 or via email at info@dcseu.com.

**How to Find An Eligible Central AC Unit**

1. When entering the DCSEU website, select Homes at the top, then proceed to the Heating and Cooling Tab and select Air Conditioning.

2. Scroll down towards the bottom of the page and under Eligibility click on the tab “Visit the CEE/AHRI website.”

---

**ELIGIBILITY**

To search for eligible equipment, please visit the CEE/AHRI website. Confirm with the DCSEU or your DCSEU participating contractor to determine that equipment is eligible for rebates. Apply for a rebate online if you have worked with a participating contractor to install qualifying equipment. Equipment must be installed on or after 9/1/18 to qualify for rebates. For more information, contact us at 202-479-2222 or info@dcseu.com.
3. After clicking the link above, you will be brought to the CEE webpage, where it will ask for the specifications relating to your AC Model Unit.

4. On the CEE Website, you will be required to fill in the following links, **Outdoor Model Field**, **Indoor Model Field**, and **Furnace Model Number (If Applicable)**. (Note: If results don’t show up try putting in the first four digits for each model numbers)
5. After you click search, click the number under the AHRI Certified Reference Number and it should reveal the specifications of the unit.

6. Below is a copy of the Certificate of Product Ratings.
7. Note that the DCSEU only covers units with a **minimum SEER of 16 and a minimum EER of 13**. When reviewing the AHRI certificate please ensure the SEER and EER meet this criteria.

8. Once you’ve verified the SEER and EER based on the information inputted into the AHRI website, reference our website [https://www.dcseu.com/homes/air-conditioning](https://www.dcseu.com/homes/air-conditioning) to review your eligible rebate amount. After you’ve verified your amount please follow the submission requirements.

### REBATES

Cooling equipment must be installed by a DCSEU Participating Contractor in order to qualify for rebates. Contractors must have a valid DC Master Ref/AC license to offer cooling rebates. If your contractor is not listed, please ask them to contact the DCSEU to enroll.
