If you have a question about whether an un-listed model qualifies for a DCSEU rebate, please contact the DCSEU at 202-479-2222 or info@dcseu.com

¹ Asterisks (*), plus signs (+), or pound signs (#) in the model number indicate that any variable may be used in place of the symbol.

² MEF - indicates how many cubic feet of laundry can be washed and dried (based on the remaining moisture in the load at the end of the cycle) with 1 kWh of electricity; the higher the number, the greater the efficiency.

³ Water Factor - number of gallons needed for each cubic feet of laundry; a lower number indicates the lower consumption and more efficient use of water.
