In using DCSEU rebates, the customer agrees that the DCSEU holds sole rights to any electric system capacity credits and/or environmental credits associated with the products purchased.

**REBATE AMOUNTS:** Rebate offers are subject to change. Total rebate value cannot exceed purchase price and cannot be doubled or tripled. The DCSEU reserves the right to withdraw rebate offers without notice.

**INSTALLATION VERIFICATION:** Installations must be completed in accordance with all laws, codes and other requirements applicable under federal, state and local authority. The DCSEU reserves the right to review the installations in order to ensure compliance with all program requirements. The DCSEU may request a photo of the installed equipment and/or choose to review locations to verify completion of the projects and to measure and verify energy savings. The DCSEU installation verification is not a safety review and the DCSEU reviews do not certify installation meets code. Such reviews will be made at a time convenient to the customer, with advanced notice given to the customer. Misrepresentation of installation location or measure eligibility may result in forfeiture of the rebate.

**LIABILITY RELEASE:** As part of the consideration for participating in the program, the participating customer hereby releases and shall indemnify, hold harmless and defend the DCSEU and the Rebate Administrator from any and all claims, losses, harm, costs, liabilities, damages and expenses (including attorneys' fees) of any nature whatsoever arising directly or indirectly out of or in connection with the installation of high-efficiency equipment at the premises or any material and labor required for such installation.

**TAX LIABILITY:** Sales tax must be paid by customer on full pre-rebate price. The DCSEU is not responsible for any tax liability that may be imposed on the customer as a result of the payment of rebates.
